

30 YEARS DEPARTMENT OF COMPUTER TECHNOLOGY

Asen Rahnev, Evgeniya Angelova, Anton Iliev

Abstract. *The study documents the scientific development and progress of the members of the Department of Computer Technologies at the Faculty of Mathematics and Informatics (FMI) at the Paisii Hilendarski University of Plovdiv (PU) over the 30 years since its founding in January 1996. For the last 5 years, it includes a detailed list of the lecturers from the department, the scientific fields in which they worked, their leadership roles in the FMI at PU, the doctoral students they trained, and the staff support received by other departments in the FMI.*

Key words: Computer Technology, Informatics, Information Technology, Modeling, Education

Acknowledgments

The research is supported by the project FP25-FMI-010 “Innovative interdisciplinary research in Informatics, Mathematics, and Pedagogy of Education” of the Scientific Fund of the Paisii Hilendarski University of Plovdiv, Bulgaria.
